

## Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how long and tiresome it would really be to clean-up right after a party, with no help from machines. Not too long ago, the dust from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the top cleaning products back then.

The man who founded Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After starting his company in the year 1906, he started to produce motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the beginning was to own a global company selling goods globally.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single person. This creation came in a time where various cleaning machines were massive and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing dilemma; stuff get filthy and need to be cleaned on a regular basis, without too much effort.

Gradually, the business Nilfisk-Advance developed all through the years. During the the early part of the 1980's the business expanded fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the trade, aspiring to be an active international player in manufacturing professional cleaning machines. Nilfisk-Advance is now located in every part of the world by gradually obtaining many small businesses to be able to develop their product range and presence in new markets. They are really proud to present a range of cleaning solutions to suit each need.
